PROFESSIONAL SUMMARY

Information Technology undergraduate at Rajarata University of Sri Lanka with hands-on experience developing Android and Python-based applications through academic projects. Worked with Java, Python, MySQL, Firebase and Git/GitHub, and collaborated on a team-built garment inspection system with a web dashboard and reporting features. Seeking a Software Engineering Internship to contribute to application development while strengthening software engineering skills.

TECHNICAL SKILLS

Programming: Python, Java, C, C++, JavaScript

Web & Backend: HTML, CSS, Flask

Mobile & Databases: Android SDK, Firebase Authentication, Room (SQLite), MySQL

Tools & Libraries: Git, GitHub, VS Code, Android Studio, TensorFlow/Keras, OpenCV

PROJECTS

GoalReflect — Android Application | 2026

- Developed a goal-tracking and self-reflection Android app in Java using the Android SDK, Firebase Authentication and Room database.
- Implemented goal and reflection management, notifications, weekly reports and light/dark theme support.

Garment Defect Detection System — Final-Year Group Project | 2026

- Collaborated on a five-member project to build a garment inspection system that identifies stitch, button, label and color defects.
- Combined Python-based computer vision with a web dashboard, MySQL data storage and PDF/CSV inspection reports.

AI-Powered Ayurvedic Leaf Classifier | 2026

- Developed a TensorFlow/MobileNetV2 image-classification pipeline achieving approximately 91% validation accuracy.
- Applied data augmentation and model evaluation across data preprocessing, training and inference.

EDUCATION

BSc in Information Technology (Applied Sciences) | Rajarata University of Sri Lanka | 2023–Present

G.C.E. Advanced Level Examination | Maliyadewa Balika Vidyalaya, Kurunegala

SELECTED CERTIFICATIONS

Python for Beginners — University of Moratuwa (2025)

Java Programming for Beginners & OOPs in Java — Simplilearn (2025)

Web Design for Beginners — University of Moratuwa (2025)

Google AI Essentials — Google (2025)

Master of Essential C++ Programming — Udemy (2025)

LEADERSHIP & ACTIVITIES

Editor, Rotaract Club of Rajarata University of Sri Lanka (2026–Present)

Member, IEEE Student Branch of Rajarata University of Sri Lanka (Mar 2024–Present)

Languages Sinhala (Native) | English (Fluent)
