PROFESSIONAL SUMMARY

Information Technology undergraduate at Rajarata University of Sri Lanka with academic experience in Python-based browser test automation, positive and negative test scenarios and application development. Built TodoMVC test scripts and contributed to Android and Python-based software projects, providing a practical foundation in software behavior and validation. Seeking a QA Engineering Internship to develop further in functional testing and test automation.

TECHNICAL SKILLS

Testing: Positive and negative test cases, functional test scenarios, expected-result verification
Automation: Python browser test scripts, Chromium headed/headless execution
Programming & Data: Python, Java, JavaScript, MySQL
Development & Tools: HTML, CSS, Flask, Android SDK, Firebase, Room (SQLite), Git, GitHub, VS Code

PROJECTS

TodoMVC - Browser Test Automation (ICT3215 Coursework) *2026*
- Created Python-based automated checks for five TodoMVC test cases covering positive and negative scenarios.
- Configured test execution to run with a headless browser or visibly in Chromium using a command-line option.

GoalReflect - Android Application *2026*
- Developed a Java Android app using Firebase Authentication and Room database for goal tracking and reflections.
- Implemented user-facing workflows for goal management, notifications, weekly reports and theme selection.

Garment Defect Detection System - Final-Year Group Project *2026*
- Collaborated on a team-developed application identifying stitch, button, label and color defects in garment images.
- Project included inspection result visualization, MySQL data storage and PDF/CSV reporting features.

EDUCATION

BSc in Information Technology (Applied Sciences) | Rajarata University of Sri Lanka *2023–Present*

G.C.E. Advanced Level Examination | Maliyadewa Balika Vidyalaya, Kurunegala *2011 - 2020*

COURCES & CERTIFICATIONS

Python for Beginners - University of Moratuwa (2025)
Java Programming for Beginners & OOPs in Java - Simplilearn (2025)
Introduction to Cybersecurity Awareness - HP LIFE (2025)
Web Design for Beginners - University of Moratuwa (2025)

LEADERSHIP & ACTIVITIES

Editor, Rotaract Club of Rajarata University of Sri Lanka (2026–Present)
Member, IEEE Student Branch of Rajarata University of Sri Lanka (Mar 2024–Present)

Languages
Sinhala (Native)
English (Fluent)
